O'Loughlin, V.D. (2001). Assessing the effects of using interactive learning strategies in large science classes. Presented at the meeting of the 5th Annual Lilly Conference on College and University Teaching – Atlantic, Towson, MD.

O'Loughlin, V.D. (2001). Assessing the impact of interactive learning in a large anatomy lecture course. Presented at the meeting of the Faculty Development Workshop on Active Learning, Indiana University School of Medicine, Indianapolis, IN.

O'Loughlin, V.D. (2001). Scholarship of teaching and learning (SOTL) research grant. Indiana University, Bloomington, IN.

O'Loughlin, V.D. (2001). A neophyte's adventures in the scholarship of teaching and learning: Fostering interactive learning in a large science course and methodically measuring the effects. Presented at the meeting of the Indiana University Scholarship of Teaching and Learning Symposia, Bloomington, IN.

O'Loughlin, V.D. (2001). Teaching and learning technologies centers, media assistant grant. Indiana University, Bloomington, IN.

O'Loughlin, V.D. (2002). A "how to" guide for developing a publishable scholarship of teaching project. Presented at the meeting of the 16th Annual Human Anatomy and Physiology Society Conference, Phoenix, AZ.

O'Loughlin, V.D. (2003). The development of a course portfolio as a means to reflect, assess and improve one's teaching. Presented at the meeting of the Indiana University Scholarship of Teaching and Learning Course Portfolio Exposition, Bloomington, IN.

O'Loughlin, V.D. (2005). Enhancing the understanding of human embryology through the use of homemade animations. Presented at the meeting of the Purdue University, Department of Basic Medical Sciences Colloquium, West Lafayette, IN.

O'Loughlin, V.D. (2007). A "how to" guide for developing a publishable scholarship of teaching project. Presented at the meeting of the IU School of Medicine Anatomy Statewide Retreat, Indianapolis, IN.

O'Loughlin, V.D. (2008). Education research and development grant for "human cardiovascular embryology animation modules for medical students and medical professionals". Indiana University School of Medicine, Indianapolis, IN.

O'Loughlin, V.D. (2008). Indiana University trustees teaching award. Indiana University, Bloomington, IN.

O’Loughlin, V.D. (2012). Educational research on and pedagogical methods for teaching anatomy to pre-medical (undergraduate) students. Presented as a American Association of Anatomists-sponsored speaker, at the meeting of the 22nd International Symposium on Morphological Sciences, Sao Paulo, Brazil.

O'Loughlin, V.D., & Braun, M. (2008). Graduate or undergraduate student(s) collaboration and supervision. Presented at Indiana University, Bloomington, IN.

O'Loughlin, V.D., Braun, M., Kearns, K.D., Heacock, I., Doubleday, A., & Subino Sullivan, C. (2008). Effects of a graduate pedagogy course on lasting approaches to scholarly teaching. Presented at the meeting of the CIRTL Forum: Aligning the Preparation of Graduate Students for STEM Early Faculty Careers, Madison, WI.

O'Loughlin, V.D., Montoya, R., & Stoffer, J.A. (2005). Development, use and assessment of web-based animations for improved learning: Once we create these learning tools, how do we know they are effective? Presented at the meeting of the IHETS/IPSE All Partners Conference, University of Indianapolis, Indianapolis, IN.

O'Loughlin, V.D., Montoya, R., & Stoffer, J.A. (2005). Head and neck human embryology made simpler through the development and use of web-based animations. Presented at the meeting of the Slice of Life Conference for Medical Multimedia Developers and Educators, Portland, OR.
